

There, President Amador and his party awaited and President Roosevelt and his party were conducted to La Boca, at the Pacific entrance of the canal where the steamer Bolivar was waiting to take the president on a cruise about the bay.

Cruise Around Islands.

At 11 o'clock the Bolivar left her berth, passing around the Flamenco and Perico islands, afterward returning to La Boca. All the steamships, dredgers and tug boats in the bay were decorated with flags and when the Bolivar passed they saluted by blowing their whistles, while the American and other American steamers cheered the president frantically.

At noon the trip about the bay ended, the president landing at La Boca, where he ate lunch.

THE REPUBLICAN

FUNERAL OF GEN. SHAFTER

Military Ceremony Attended Last Obsequies.

Remains Were Interred in the National Cemetery at the Presidio.

SAN FRANCISCO, Nov. 15.—With full military honors, the remains of the late Major General William R. Shafter, U. S. A., retired, were held to rest in the national cemetery at the Presidio today. Rev. Frederick Clappett, D. D., officiated at the services, which were held at Trinity Episcopal church. All branches of the military in the district were represented.

The remains arrived this morning from Bakerfield, where General Shafter passed away on Monday, and were met at the ferry by a detachment of cavalry and a full battery of artillery in state and were viewed by hundreds of soldiers and civilians.

Shortly after 2 o'clock following the reading of the Episcopal service, the remains, borne upon a gilded caisson drawn by six black chargers, were conveyed to the cemetery. The route of the cortege was lined with many spectators. On the conclusion of the impressive services, the grave and burial plot were covered with a profusion of floral emblems.

The honorary pall-bearers, who were all devoted friends of the general, were the following: Lieutenant General Arthur MacArthur, General W. C. Allen, representing the U. S. A.; General W. E. Dougherty, Admiral O. W. Farnham, commander of the California, U. S. N.; General J. G. Thompson, Commander of the Army of the Pacific, U. S. A.; Colonel Marion P. Maus and Colonel J. B. Fuller, United States pension agent.

EIGHT MEN KILLED IN LIME QUARRY

Premature Explosion of Giant Powder Loosened Thousands of Tons of Rock.

DOUGLAS, Ariz., Nov. 15.—Two Americans and Mexicans were killed by a premature explosion at a lime quarry nine miles east of Douglas today. The men were buried under a pile of rock. The coroner has gone from here to hold an inquest. The quarry is one at which lime rock is secured for the smelters in this city. A gang of men has been sent to the smelters to assist in recovering the bodies. The explosion was heard and felt in this city.

The two Americans killed were Sam Steele and Victor Shell, both from Mesa, Arizona. The third American, badly crushed and not expected to live, was a Mexican named Juan. Several boxes of giant powder were being loaded into drill holes to blow lime from the side of the quarry when a premature explosion occurred, knocking thousands of tons of rock on them at their work below.

SAN FRANCISCO MAN, ALTHOUGH BADLY WOUNDED, HELD ON TO PRISONER

SAN FRANCISCO, Nov. 15.—To escape arrest after the commission of an alleged robbery, Thomas F. Kelly, hunchbacked, who attempted to detain him today. But, Maistick, although badly wounded, held fast to his prisoner and turned him over to Policeman Kruger, who, after directing the removal of Kelly to the hospital, took Kelly to the Harbor station and booked him on charges of grand larceny and assault to commit murder.

LOS ANGELES MAN LEFT LATE ESTATE CUTTING OFF SON

DENVER, Nov. 15.—The will of the late Eben Smith of Los Angeles, disposing of upwards of \$2,500,000, left out of his sons, L. E. Smith of Leadville, has been cut off with the life income from \$25,000 set aside as a trust fund. The estate is practically divided between the widow, Emily, and the other two children, Frank Leroy Smith and Cora Isabel Carman, each of whom receives one-fourth. Each of these children are named as executors.

An Unexplained Shooting

LOS ANGELES, Nov. 15.—William Neime, a laborer, was shot and seriously wounded tonight by K. O'Brien in the latter's room at 901 East First street. O'Brien asserts that, in company with Ralph Dorn, his stepson, the wounded man was attempting to break into O'Brien's room and rob him. Neime denies any intention of robbery and states that the shooting occurred while all three men were sitting in the room.

UNEARTHED A PLOT TO FREE PRISONERS

Explosives Were to Be Stolen for an Attempt to Blow Up a Penitentiary.

SPOKANE, Wash., Nov. 15.—A special to the Chronicle from Walla Walla states that, according to members of the special prison commission, officials of the state penitentiary have unearthed a plot to blow up the guards' quarters with nitro-glycerine stolen from the jail mill and effect the release of nearly 250 convicts as they were being marched from the prison to the mill. It is claimed that a can of explosive and pieces of iron to be used as weapons were found in the cell. Warden Kincaid denies any knowledge of the plot.

HOLD-UP FOR FUN CAUSED HIS DEATH

Six Men in Automobile Played a Prank With a Fatal Result.

NEW YORK, Nov. 15.—A hold-up by six men in an automobile in Central Park West early today cost one of the motorists, Wiggo Brant, his life. The police believe the hold-up was intended merely as a prank by the driver, who was returning from a party. Brant's death, however, caused them to search for the other occupants of the car. The victims of the hold-up were Milton Robles, his friend, W. G. O'Brien, and a woman who was driving the two men to their home. Brant was thrown from the car by the sudden starting of it and run over. He died soon after.

LIFE CRUSHED OUT BY SWITCH ENGINE

English Woman in San Diego Met Horrible Death While Crossing Tracks.

SAN DIEGO, Nov. 15.—A shapeless mass beneath the wheels of the Santa Fe switch engine this afternoon was all that remained of Mrs. Wright, who a few minutes before had been walking across the street and crossing the track at the foot of Eighth street toward her home at the foot of Ninth.

The woman had been seen but a short time, having been sent from England after her husband had committed suicide. She resided with another woman, and was crossing the track carrying the baby of the other woman when the engine struck her. She was instantly killed. "The child and an arm and leg severed and will die."

AMBASSADOR IS INSULTED

Immigration Officials at New York In for It.

Questions Intended Only for Alien Paupers Asked of Brazil's Representative.

NEW YORK, Nov. 15.—Whether or not the ambassador of a friendly nation, on arriving at an American port to take up quarters in Washington, must be compelled to inform the immigration inspector whether he has been in prison, an alms-house or an asylum, or whether he is a polygamist or an anarchist, may be referred to the state department at Washington as a result of the refusal today of Joaquim Solbner, Brazilian ambassador, to answer these questions when he arrived here from Liverpool. The parser of the Baltic reported to the immigration inspectors that his manifest was incomplete owing to the ambassador's refusal.

WASHINGTON, Nov. 15.—Upon being unofficially informed of the circumstances attending the landing of the Brazilian ambassador, Senator Nathan, in New York harbor, Secretary Root promptly communicated with the department of communication and labor, and telegraphed to the collector at New York to immediately extend the courtesy of the port to the ambassador and his secretary.

It is probable an apology will be offered to the ambassador and a severe admonition given to the immigration officials responsible for the indignity.

JOSEPH WHELOCK FACES AN OPERATION

Celebrated Actor is Suffering from Tuberculosis of the Glands and May Die.

NEW YORK, Nov. 15.—Joseph Wheelock Jr., whose season in "Just Out of College" recently came to an abrupt close, is to be operated upon in Roosevelt hospital tomorrow afternoon. He is suffering from tuberculosis of the glands. He underwent an operation for the same disease about a year ago.

Wheelock's illness explains the closing of his season at a time when his health was supposed to be better than last year. Members of the company are now telling how when he said good-bye to them after the last performance he added that he might never again be seen on the stage.

PASADENA'S TROUBLES IN ELECTRIC LIGHTING

Injunction to Prevent Tax Revenues Being Used to Purchase the Plant.

PASADENA, Cal., Nov. 15.—A new turn is given to the attempt of the city of Pasadena to acquire possession of its own electric lighting plant and distributing system by an injunction suit, begun yesterday against the city, its council, and all of the city officers, by the Western Root and sixty-one other taxpayers. The suit is to enjoin the defendants from using or expending any part of the tax revenues of the city for the purpose of acquiring or constructing an electric lighting plant and distributing system.

It is set out that the people of Pasadena have authorized a bond issue of \$120,000 for this special purpose and that the bonds are now being offered for sale and the principal and interest collected from the taxpayers. Despite these facts, it is alleged that the city council is attempting to acquire or construct an electric lighting plant and distributing system for the purpose of carrying out the work for which the bonds have been issued. In this way, it is claimed, a double provision is being made for a single purpose, and that this could only result in a surplusage of funds, if there should be no illegitimate shrinkage in the meantime.

Judge Conner issued a restraining order and an order to show cause why the injunction should not be made permanent was also issued.

Street Robbery in Bakerfield

BAKERFIELD, Cal., Nov. 15.—A brutal attack was made on Mrs. J. W. Watson of 1010 I street last night. An unknown man suddenly leaped upon her in front of the Union Lumber company's store, seized her by the throat with one hand and with the other snatched her purse. The robber secured but a little cash and made his escape.

T. P. O'Connor, the Irish leader, began a brilliant after-dinner speech in Philadelphia in this way:

"I must confess that I dread to make after-dinner speeches. At the most sumptuous dinners, even at such a dinner as this one, if I know that at the end I must make a speech, I am nervous. I have no appetite, I find it tedious to admire the best efforts of the chef."

"In truth, gentlemen! I can readily imagine Daniel, if he was at all of my mind, heaving a sigh of relief as his relations are unable to devour him—bearing a sigh of relief and murmuring—

"Well, if there's any after-dinner speaking to be done on this occasion, at least it won't be done by me."

Over in Coalinga, where they vote by the paper ballot plan, there were 480 votes cast, out of a registration of 690, and the Record states that if the election board found from the time the polls closed at 5 o'clock on Tuesday night until the following Thursday morning to count the votes, "it would be a waste of time." Coalinga needs a machine and a precinct does. The Record says that the original members of the election board became tired out and other had to be sworn in to relieve the while the others took needed repose. "First we bought all the bottom lands of the Grahamskin stream, which is twelve miles long, lying all the way from the Ross River to the mouth of the Tanana, which is twenty-five miles long, and then on the Hlears River, which is thirty miles long. Since that time the company has secured all creeks lying between that and the canyon and a vast territory on the opposite side of the river."

Lack Sufficient Water.

"One of the chief difficulties in working this territory has been lack of water, but we will overcome this by bringing water from the base of the hills down through ditches. THE FRESNO MORNING REPUBLICAN

WEATHER

SAN FRANCISCO, Nov. 15.—The northern storm has moved westward with great rapidity. There has, however, been an extension southward over Nevada, and the secondary storm will probably move rapidly southeastward, causing showers in Southern California.

Light rain has fallen in California, north of San Francisco. Present indications point to cloudy, unsettled weather, probably with rain Friday north of San Francisco, and cloudy weather south of that point. Forecast: San Joaquin valley—Showers, cooler Friday; fresh north wind.

FRESNO, Nov. 15.—Official readings at 5 p. m.: Temperature, dry bulb, 59; wet bulb, 53; humidity, 88; wind (North) miles per hour, 8; maximum temperature, 61; minimum temperature, 51; rain, Friday.

SENIORS ENTERTAIN VISITORS AT Y. M. C. A.

Gymnasium Drill and Fencing Exhibition Features of the Program.

The seniors of the Y. M. C. A. entertained the friends and members of the association at a house warming last night. There were about 200 guests to enjoy the program and hour of social chat. This is the first of a series of social events to be given each month throughout the winter by the Y. M. C. A. and from the apparent enjoyment by the young ladies and gentlemen the function was a complete success.

A program was rendered as follows: Reading, Miss Deasley Brook; Piano solo, Harry Kinney; Reading, Miss Hersey.

After the program the guests were taken to the balcony of the gymnasium floor and an exhibition drill was given by the members of the senior class, R. L. Hughes, Dr. C. E. Phillips, H. Bryant Ashton and Roy Smith lead the various squads in the exercises. Fencing has been added to the training this year and an exhibition between Dr. C. E. Phillips and R. L. Hughes was given for the first time last night.

CITY DEPARTMENTS AT CROSS PURPOSES

Health Board Recognizes a Fact of Which Mayor Lyon Is Officially

In Ignorance.

City departments are at cross purposes as to the Londoner question. The policy of the mayor and police commission is to try the case as soon as an official certificate is given. The police of the board of health, on the other hand, is to take conditions as they are. As a result of the meeting of the board of health, Sanitary Inspector Machen, notified under instructions, notified the denizens of the half-world to appear for examination. A number were examined yesterday, there and now over fifty women are being called in for examination. It is understood, will get after the Health Board for recognizing a condition that the mayor says officially does not exist.

BILLY VICE IN FRESNO

Genial Absconder a Joke on the Penal Code.

Retains Lewis H. Smith to Help Him Give the Law the Ha-Ha.

"Billy" Vice of Madera, smiling and apparently enjoying the notoriety of his open house game of hide-and-seek with the law, was in Fresno yesterday. He glared at each town as if he were a scornful challenger instead of a joke on the Penal Code.

"Billy" expects to give his high law next Monday in San Francisco when his case comes up. The crime of embezzlement, outwitted in three years and it was three years and a half since Vice scattered along the picturesque path the good coin of the Union Pacific. He then went to Madera, where he grew fat and whiskers. There are strange circumstances connected with his long stay in Madera. A few people down there never called him anything but Billy Vice, although he went under the name of Tommy Ryan. The San Francisco chief of police was told Vice was in Madera, but he took the idea, saving Vice was in Honolulu. After the earthquake Vice ventured to visit San Francisco, and the story goes that a patrolman who recognized him, tapped him on the shoulder and whispered, "You're all right with us, Billy, but look out for the Philistines."

Some say that Vice never stole any money; he simply gave tickets away to his friends. Maybe the police never paid any railroad fare!

The funniest story they tell about Vice is when two detectives came to Madera, looking for him. They were directed to Tommy Ryan as the man who could find him if anybody could.

They visited Ryan. He asked if they had pictures of Vice and they produced a life-like print. Ryan took the picture and promised to find the fellow if he was in the suburbs of Madera county. He was also given \$100 as a sort of retainer. Vice, who tells the story himself, says he did not have the nerve to keep the money and he spent it with the boys over the bars that night. It is still remembered as the night that Tommy Ryan had so much money.

Vice yesterday retained Lewis H. Smith to assist Raleigh E. Rhodes in convincing the court Monday that the time-lapse is set on that embezzlement charge.

ALCOHOL NO AID IN TUBERCULOSIS CURE

Interesting Testimony By Experts Before International Congress in New York.

NEW YORK, Nov. 15.—The contention that alcohol is beneficial in treating tuberculosis was declared to be fallacious by Dr. T. D. Crothers of Hartford, Conn., at the international congress on tuberculosis today. He declared that, upon the evidence, alcohol is really more dangerous than the disease it is given to cure.

Miss Emily Siddle of California offered practical suggestions for the prevention of tuberculosis among children.

"I had the good fortune in 1900 to be sent from San Francisco to Madras to make certain investigations on light and heat," she remarked, "with a great deal of machinery and apparatus," said she. "I found that in India, with a population of 400,000,000, the children are singularly free from tuberculosis. And that in countries with a great deal of poverty and a great number of children."

The welcome given President Roosevelt upon landing in Panama territory today proved conclusively that the people of this republic are his firm and sincere admirers. He has conquered them and he holds a high place in their esteem.

STATISTICS OF MURDER

An Awful Arraignment of the United States.

More People Murdered Last Year than Died of Typhoid Fever.

CHICAGO, Nov. 15.—During the past five years 15,000 persons were murdered in the United States. More persons were murdered last year than died of typhoid fever. This awful total has been due to the way in which the law was administered. And the law itself is bad and inefficient. It is burdened with restrictions and technicalities, and in almost every case the criminal has fine chances of escaping to one of his kind.

So declared Judge Marcus Kavanagh last night in an address before the alumni of St. Ignace college, gathered at a banquet at the Grand North tower hotel. He is expected to deliver the law in large cities, and vigorously assailed the operation of the courts under the jury system.

That the United States is the most criminal country in the world, the jury system the most loose and antiquated and the law open to attack, were among the assertions made by Judge Kavanagh. Figures and crime statistics of the great countries of the world also were given and it was shown that while England and Wales had only 21 murders last year, in the United States 5700 persons died by the hands of the assassin.

WARRANT ISSUED FOR CRUEL CAPTAIN

Master of Whaler Bowhead Is Accused of Inhuman Conduct to His Crew.

SAN FRANCISCO, Nov. 15.—A warrant has been issued for the arrest of John A. Cook, master of the whaler ship Bowhead. Cook kept 130 men on board the ship, and was accused of inhuman conduct to his crew. He is expected to deliver the law in large cities, and vigorously assailed the operation of the courts under the jury system.

TO DISSOLVE STANDARD OIL

(Continued From Page 1.)

It would obviously be improper and unfair.

Warrants Not Served.

CLEVELAND, Ohio, Nov. 15.—Deputy sheriffs have failed to find J. M. Robertson, M. G. Viles and J. H. McIntosh, Standard Oil officials indicted at Findlay yesterday. The officials did not visit the home of John D. Rockefeller as it was said that the latter was not there. Viles, McIntosh and Robertson, the deputies were told, were out of the city.

Deputy Sheriff Johns said the failure to obtain service on the Standard officials resulted from a breach of confidence by newspaper correspondents, who gave the men time to get away.

Officers Will Surrender.

Attorney Talles of the Standard, today telephoned Prosecutor David and asked if the men indicted would be permitted to answer the warrants through their attorneys. Prosecutor David replied that he was determined to have the men arrested and brought to Findlay, Ohio.

Attorney Talles then stated that he would bring the three men to Findlay himself.

Two Ouster Suits.

ST. LOUIS, Nov. 15.—The hearing of depositions of the defense in the ouster suit of the State of Missouri against the Standard, Waters-Pierce and Republic Oil companies was resumed today.

Assistant Attorney General Lightfoot, of Texas, today began taking depositions in the suit brought by the State of Texas to ouster the Waters-Pierce Oil company from doing business in that state.

Dividend Declared.

NEW YORK, Nov. 15.—The Standard Oil Company of New Jersey today declared a quarterly dividend of \$10 a share, or the same amount as was declared at this time last year.

Stock Took a Tumble.

After reaching up several points lower, at 58, Standard Oil stock today broke 25 points, on the curb stock market to 54.5, a new low record for several years. Sales were unusually heavy, being about 15,000 shares.

PRESIDENT ROOSEVELT

(Continued From Page 1.)

The president said he felt like the commander of a great and successful army.

An Interrogation Point.

Though it rained from 10 a. m. to the evening, the president seemed determined to obtain all the information he possibly could. He asked questions of all the equal employees. During his trip from Colon he met a number of work trains full of earth and rock from the Culebra cut and saw several steam shovels working.

From La Boca President Roosevelt came this afternoon to Panama city. From the railroad station he was driven up Central avenue to the cathedral plaza. The streets were filled with people, who constantly cheered the president.

The Formal Welcome.

At 4 o'clock, upon a platform in front of the cathedral, President Amador delivered his address of welcome. The president's reply was interrupted a time and again by the cheering crowd that cheered almost every word.

From the plaza, President Roosevelt returned to the Tivoli hotel, escorted by the government officials and prominent citizens, preceded by 200 young members of the aristocracy of Panama on horseback.

The welcome given President Roosevelt upon landing in Panama territory today proved conclusively that the people of this republic are his firm and sincere admirers. He has conquered them and he holds a high place in their esteem.

**SEWER FARM
SUIT TODAY**

Condemnation Proceeding
Before Judge Austin.

County Treasurer-elect Files
Statement of Campaign
Expenses.

The trial of the suit of the city against H. E. Burleigh for the condemnation of the sewer area to be used as a sewer farm will begin at 10 o'clock this morning before Judge Austin in department 1 of the Superior court. A jury will decide what the city should pay for the ground, which has been valued by the city's appraisers at about \$31,000. City Attorney Ewing will appear for the plaintiff and Short & Cook for the defendant.

Special interest is taken in the proceedings, both on account of the fact that Mr. Burleigh will claim a much higher figure on the land than that fixed by the appraisers, and because Contractor McElroy has delayed beginning work on the sewer tank and outfall several months beyond the time he intended to commence on account of the fact that the city had not yet obtained title to the farm.

J. R. Hickman, county treasurer-elect, yesterday filed and swore to his statement of expenses during the last campaign. The total is \$116.75, of which \$125 went to the county central committee, and the rest was expended by Hickman himself for printing, literary hire and the like.

The amount reported by Mr. Hickman comes considerably under the amount permitted by law in such cases, which is 20 per cent of the amount of the first year's salary of the office sought. The salary of the treasurer is \$2,500 a year, so that an expenditure of \$500 would come within the law.

G. W. Boyle, candidate for constable in the seventh district, filed a statement that he had expended nothing in his campaign.

Japanese Committed.
T. Ashida is the name of the crazy Japanese who was arrested night before last and locked up in the insane ward. He was examined before Judge Church yesterday afternoon by Drs. G. H. Aiken and T. M. Hayden and committed to Stockton upon their report. The form of insanity is melancholia, without any known predisposing cause.

Rev. F. Asayeda of the local Buddhist church was the complaining witness. He testified that Ashida had been growing more strange in his actions since last April, being very surly in his intercourse with others and threatening to kill any who would oppose him in trivial matters. He is only 24 years old and has been in the country six years. He will be taken to Stockton this morning.

Judge Church Executor.
Superior Judge George E. Church was named as his executor by the late Thomas Smith, who died in Fresno on August 10th last. Smith was an aged Englishman whose only relatives are a brother, Robert Smith, living in Lancashire, England, and several nephews and nieces living in the same shire. Judge Church filed a petition for letters testamentary, the hearing upon which was set for December 10th in Judge Austin's department of the court.

The will, which accompanies the petition, gives \$10,000 to the surviving brother and divides the rest of the property among the other relatives, share and share alike. The deceased left notes and other securities amounting to \$4,000 and an interest in certain city lots worth \$800.

E. M. Harris, the attorney, has petitioned for letters of administration on the estate of William Malott of Bowler, who died on the 12th of this month. The property consists of an interest in certain lots in Fowler worth altogether less than \$100. The heirs are Malott's divorced wife, Mrs. T. Ward of Olander and three sons. Hearing is set for November 26th.

Upon Guilt of Murder
Suspect.

HERKIMER, Nov. 15.—The work of selecting a jury to try Chester E. Gillette charged with the murder of his sweetheart, Grace Brown, was continued today. Practically no progress was made in securing jurors.

Out of the special panel of 100 talesmen, nine have been challenged, twenty have been excused, thirty-six remain to be examined and only four have been accepted by both sides. It may be that another panel of 150 will have to be drawn.

Gillette, while in court, displayed the same apparent indifference that has characterized him since the trial was called. In a statement made yesterday to a reporter, he is quoted as having declared his innocence and that it would be proven at the trial.

**PORTERVILLE
CITRUS FAIR**

Big Preparations Being Made
for the Event.

Will Combine Live Stock and
Poultry Show—General
News Notes.

VISALIA, Nov. 15.—Much preparation is being made at Porterville for the future county citrus fair which opens on December 1st and continues until the 8th. Besides a citrus fruit show, there will be a fancy work department and other features. A fine exhibit of processed and dried fruits, etc., will be taken from the Board of Trade headquarters in this city.

Greater interest is being manifested in the ball game to be played in Visalia Sunday between the Grays and a picked team from Fresno, including several of the Coast league players. Among those booked to play with the Grays are Schmitt of Portland and Cartwright, Egan and Hogan of the Fresno league club. Orval Overall, who is at Lemon Cove, has been asked to pitch for the locals, but a definite answer has not yet been obtained.

Mrs. H. A. Keener left this morning for Spokane, Washington, where she will visit for several weeks. She will be accompanied home by Mrs. J. D. Keener, mother of Mr. Keener, who will visit here for some time.

A light rain began falling late this evening and the indications are for a more or less heavy precipitation. Visalia camp, Woodmen of the World, and Visalia and Magnolia circles, Women of Woodcraft, are preparing for the big lodge affair at the opera house Saturday night, to which all of the Woodmen camps and circles in the county have been invited. There will be a program and other features.

An action has been begun in the Superior court by Anna M. Edwards, guardian and item, D. M. Edwards, to collect the sum of \$500 which plaintiff alleges he paid to Boyd on March 8th last on account of an agreement entered into between the two to purchase and sell certain real estate. On March 26th the plaintiff decided to withdraw from the transaction and offered to defendant \$15 but was refused. The \$500 has never been returned. This sum together with costs of suit is asked for. Edwards & Smith are attorneys for plaintiff.

A horse being driven by a man named Hooper of Exeter, took fright at William Keltner's automobile this afternoon in front of the court house and backed until the vehicle was overturned. Mr. Hooper jumped and was uninjured. The buggy was found to be little damaged.

The board of city trustees met tonight to consider the construction of a new outfall to the sewer farm a distance of about half a mile.

SELMA HAPPENINGS.
Arthur Snyder and Miss Bradford
Married at the Presbyterian
Church.

SELMA, Nov. 15.—The Presbyterian church of this city was the scene of a pretty wedding last evening. The contracting parties being Arthur Snyder and Miss Augusta Bradford Taylor, both prominent young people of this place. The ring ceremony was performed by the Rev. J. A. Wilson, pastor of the church. The groom is assistant cashier of the Farmers' Bank of Selma and a promising young business man. Mr. and Mrs. Snyder have the best wishes of their many friends.

An exciting game of roller polo was played at the local pavilion Tuesday evening between the Santa Rosa and Selma teams, resulting in a victory for the visitors by a score of 2 to 1. The Selma team, which was only recently organized, was of course outplayed, but with the showing made promise to do great things in the future.

M. Powell entertained a number of his gentlemen friends at a sumptuous dinner given Tuesday evening, the event celebrating the birthday of the host. A delightful evening was spent.

Mrs. W. C. Wiley of San Francisco is a guest at the home of Mr. and Mrs. J. R. Hickman, southwest of this city. B. A. Fassett of Fresno, president of the Fassett Lumber company, was in town yesterday looking after business interests.

Mrs. J. B. Stansbury, late of Clark county, Iowa, has purchased the Hansen residence on 11th and North streets. Mr. Stansbury, who has lately sold his Iowa possessions, will join his wife here the latter part of December, and intends to buy Fresno county property.

T. Unger is having a new residence built at his ranch north of town. It will be a commodious and up-to-date home when completed.

Baxter & Mitchell have an exhibition in the office a pumpkin that weighs 10 pounds. It was grown on the J. W. Mitchell ranch. Mr. Mitchell says he raised larger ones, but his girls are too small to get them out of the field.

Mr. and Mrs. W. H. Dillon left recently for their former home at York, Nebraska, to pay a visit to relatives. They will also visit at Rosville and Monmouth, Illinois, during their absence of about six weeks.

Mrs. G. C. Sinclair of Phillipsville, Cal., is a visitor at the home of Mr. and Mrs. J. R. Cain. She will be here indefinitely.

W. J. LaGrange, who lately purchased the Mrs. J. H. Baxter residence on North Selma, will move to town in about ten days. Mr. LaGrange has also purchased lots on Front street between First and North streets, on which he will erect a building.

The girls' athletic association of the Selma high school is making arrangements for a carnival for the benefit of the association. A good program will be rendered, with other appropriate attractions.

The Selma high school football team will play the Tulare high school team on the Selma campus Saturday afternoon. The local team has been practicing hard and propose to give a good account of themselves.

Percey Hunsaker and bride of Pomona were visitors at the home of Mr. and Mrs. G. W. Guthrie the first of the week.

Attention, Atlanta Post, G. A. R. Next Saturday we celebrate our 21st birthday. All members are requested to be at our Post room at 9:30 with well-filled baskets; dinner at 12 m. Our afternoon exercises will consist of history of the Grand Army of the Republic, history of Atlanta Post and records of the comrades. All old Union soldiers and their families are cordially invited to assist us in our anniversary exercises with their presence. The press is especially invited.

PRICES CURRENT

CHICAGO, Nov. 15.—The local wheat market today made a substantial rally on covering by shorts, who were induced to buy by the assertion that the entire spring wheat crop of Minnesota and the Dakotas will be needed for home consumption. The close was strong, with the December delivery up 1/4¢. Corn was up 1/8¢. Oats were a shade higher. Provisions were 5¢ to 7 1/2¢ cents to 20 cents higher.

Early in the day offerings were liberal, but demand was slack. Commiserales were the principal sellers at the opening. A trading progressed a prominent local buying became an active seller and this brought out considerable offerings by pit traders. A feature of the market was the selling of the December option and the buying of May at a 5 cent difference by elevator interests. In the efforts of shorts to cover sales, prices were forced up nearly 1 cent from the lowest point. The market closed strong with prices at 1/2¢ to 1/4¢ top. December opened 1/4¢ off to 1/8¢ and then advanced to 1/4¢, where it closed.

The corn market was steady early, because of small local receipts. The close was steady. December closed at 42¢ to 44¢.

Oats were dull and steady. December closed at 34¢ to 36¢.

Provisions were strong. January pork closed up 2¢ to 2 1/2¢; lard was 15 cents higher and ribs were 5¢ to 7 1/2¢ cents higher.

LIVERPOOL. Close—Wheat: December 45 1/2; March 45 1/2, May 45 1/2.

SAN FRANCISCO. Wheat, quiet but firm. Cash, \$1.30. Barley, quiet but firm; May \$1.15; cash \$1.12 1/2.

Corn, quiet; large yellow \$1.35 to \$1.40.

NEW YORK. The market for evaporated apples was steady. High choice apples were at 10¢; choice 9¢; prime 8¢.

Peaches are steady and strong on the coast and the local spot market is firm with California fruit ranging from 3 to 4¢, according to firm, owing to very light supplies. Choice are quoted at 10¢; extra choice 11¢ to 12¢; fancy 12¢ to 13¢.

Peaches are quiet but firm, with loose Muscatels at 7 1/2¢ to 8¢; seeded raisins at 7¢ to 7 1/2¢, and London layers at \$1.95 to \$2.00.

Paderewski Didn't Come.
Paderewski, the great pianist, was not in Fresno yesterday, but what of it. Ed Cox played his Minuet on the regina player-piano, probably as well as Paderewski could play it himself. You don't think so? Well, stop in and hear him at Hockett's Piano Store.

RECLAMATION DISTRICT TO FIGHT FLOOD WATER

This the Solution Approved By General Committee Last Evening, and a Sub-Committee Will Examine Into Details—Tax Would Fall on All Property In Danger of Flood From Dry Creek—Bond Issue Proposition Given Up as Not Feasible.

The formation of a reclamation district that will include all the land in danger of flood from the water freshets of Dry Creek and adjacent creeks that threaten this city, Clovis, and the adjoining country, is the tentative solution of a vexed problem that was arrived at at the meeting of the general committee of eight members last night. A sub-committee of eight was appointed to go thoroughly into the reclamation proposition, both as to its practical difficulties and legal complications, and then report again to the general committee.

This sub-committee is to meet at the office of Attorney Frank H. Short next Wednesday evening, and in the meantime the attorneys on the committee will prepare themselves on the legal questions. The sub-committee consists of District Attorney Jones, Supervisor Reall, City Attorney Ewing, County Supervisor McKay, Engineer Hoxie, and Messrs. Short, McKelvey and Williams.

The plan of the formation of a reclamation district was suggested by District Attorney Jones and was seized upon as a happy solution of the problem after an hour had been spent in fruitless discussion of the difficulties that would confront the question of division of responsibility among the city, the county, about Fresno and Clovis, that is liable to flood, and the canal company. The difficulty that is presented, that of getting the people resident within the reclamation district to approve of its formation, was loudly felt at the meeting, but it was hoped that a candid discussion of the constant danger from floods, necessitating return on the part of some one at once, will be appreciated, and the burden was put upon the sub-committee to arrive at such an equitable outline of the district, such as would take in all who should bear the burden and no more, as would make the proposition a success.

The meeting of the general committee last night took place at the office of Attorney Short with the following present: Chairman E. C. Berry, Mr. Short, Supervisor Reall, C. A. Tenague, C. R. Puckhaber, T. B. McKelvey, J. Teilmann, G. W. Jones, R. E. Lloyd, J. E. Ewing, W. E. E. Sanders, and Mr. Williams.

The discussion starting with the proposition of the city's voting bonds for the purpose of protecting itself from flood, City Attorney Ewing declared that such a thing was impossible. He said that the bonds would be defeated, both because of the natural tendency of people to resist taxation, and because of the general feeling that the danger of flood caused by the presence of the canals north of the city.

Mr. Short declared that of course if there were anything but a united movement on the part of all the influential people in the city in vote bonds it would be useless to discuss any issue. The danger was, however, he said, very great, and it behooved every one to understand clearly the situation. The canal company did not consider itself at all responsible for any danger to the city. On the other hand, the canals had always, up to the present year, been considered, rather a protection to the city, and it was only just lately that any contrary proposition had been suggested. He pointed out the fact that about 1850 the city and county entered into a contract with the canal company to protect itself from flood and had paid it to the canal company to induce it to enlarge its canal. Mr. Ewing pointed out things that would make the people hesitate about any accepting such a proposition. The water of Fancher creek, he said, would threaten the city, were it not for the canals. The danger of the last season was caused by the fact that the canal company, in order to run water out to the Hamilton country, had backed up the water in the canal near the Helm ranch, thus forming a great water pressure that was drained. This matter was discussed back and forth. Mr. Short declared for the canal company that it was quite ready to bear all the burden that it is bearing at this time, but would see to it that it is not in danger of heavy damages on account of any floods in the city. Rather than run the risk of that, it would make its canals entirely independent of the natural water courses, and let the creek water run as it had in the beginning. That, he said, would still leave the city unprotected, and would relieve the canal company. Any such radical action, however, the committee would wish to avoid, if possible.

Mr. Ewing pointed out that the Clovis people are taking to protect themselves from future floods will make the situation at Fresno much worse. For years the canal has been sneering out over thousands of acres in the vicinity of Clovis at any high water. Now great levees are being built that will cut off the water from the Clovis and Gardiner districts, and will show it in a great stream south toward the city. The Clovis people are perfectly willing to join with the city in any proposition, but will not endure to be flooded any longer.

This brought the meeting upon an examination of the drainage problems that have been suggested. The one most favored is the one that was first suggested by City Engineer Hoxie and was surveyed by County Supervisor McKay. It directs the water from Dry Creek near Academy and then directs Dry Creek at a point north of Clovis in a westward direction, letting it drop into the San Joaquin river just below Lager's bridge. The cost is variously estimated from \$100,000 to \$400,000.

This proposition has been objected to strongly on the part of a number of ranchers who have land in the San Joaquin river valley, and who are threatened by the raising of the level of the river. Their opinions were expressed last night by City Trustee Statham, who has a ranch just below the play where the water would empty into the river. He said that at the same time that the city was fighting, last spring, against the water north of town, he had men at his ranch on the river keeping off water there. He said that any raise in the level would cause him to be flooded out.

It was pointed out that at the time there is greatest danger from the water at Dry Creek there is little danger from the river, because it floods from different causes. Mr. Short said that in any case, this difficulty could be overcome by digging a little ditch leading in the river bottom, or actually buying up the land. Statham gave notice that he would present the proposed drainage canal from the start.

The discussion of the point that this city should not bear all the burden of drainage when there is not much outside country endangered by flood caused by District Attorney Jones to suggest that, on account of the difficulties under the law, of having the county appropriate money for such a purpose, the most feasible scheme would be to form a reclamation district of all the land affected. Engineer Teihman went over the map and made a rough guess that, reckoning the area in this city on an average basis, there would be about 2,000 acres affected.

L. A. Sates of the canal company gave something of the process of forming a reclamation district. A petition is gotten up for the formation, signed by a majority of the property holders, if possible, and is presented to the Board of Supervisors. That body can then order an election, when the people in the given area vote for or against the formation and for or against trustees to manage the affairs of the district. These trustees fix up an assessment for the purposes of reclamation, which is collected on the assessed valuation of the land in the district. After further discussion it was decided that this reclamation district scheme should be gone into thoroughly by a sub-committee, as given above. It was suggested that the time for the whole process is short, as all the work of levying or draining should be completed by April.

TAMMANY LEADER RETIRE FROM SERVICE

Pat Keenan of the Sixth Is Too Old and Too Ill for Longer Service.

NEW YORK, Nov. 15.—Patrick H. Keenan, one of the Tammany district leaders, veteran of the old Croker and county Democracy days, has retired from politics. He gives up the leadership of the Sixth assembly district and will leave before the end of the week for a protracted trip to the West to recover his health.

Keenan, who is city chamberlain, announced his intentions yesterday. He said he was too old and too ill to continue in active politics. The retirement of Keenan removes one of the most picturesque and best known of the Tammany leaders.

A GRISLY RECORD IN GREATER NEW YORK

One Hundred and Ninety-one Suicides in April, May and June.

NEW YORK, Nov. 15.—One hundred and ninety-one persons committed suicide in New York city during the three months previous to July 1st last, says the report of Health Commissioner Darlington, sent to Mayor McCall today.

Sixty-seven persons were killed by electric cars during the quarter, forty-one of the total number being in Brooklyn.

The total number of deaths by accident and negligence during the three months was 265.

Two persons over 100 years old died, Rebecca Schneider, 101, and Rose Laemine, 103.

THAT THIRD JUSTICESHIP

Ewing Says No Such Office for Fresno.

If Graham Should Win Out, Smith's District Could Be Curtailed.

City Attorney Ewing is of the opinion that George B. Graham, not himself elected to the wrong side of a lawsuit. In other words, Ewing does not think that so far as Fresno is concerned there is any such office as city justice of the peace. He takes the view that the provision of the code of civil procedure that Graham relies upon as creating the office does not apply to a city governed by a special freholders' charter. The code provision referred to was intended to provide such an office for cities of the fourth class acting under the general state law and not under special charters.

Graham, on the other hand, insists that the law is as clear as day, and that there is no more doubt that the office exists than that he has been elected to it. He claims that the charter provision has absolutely nothing to do with the case. The question is whether the Supreme court has several times passed upon the seeing in question and has always upheld it, although no precisely similar case has arisen under the Fresno case.

The matter will soon be tested. There are several ways in which the question might be brought before the courts. Perhaps the quickest would be to take out writ of habeas corpus for a man sentenced by Graham. The question would be raised that he was not committed by a legally constituted court. Ewing would advise the city trustees against taking Graham's salary of \$2,000, which the law creating the office says the city must pay. It will then be up to Graham to sue for his salary. Or Graham may hold out the free collected by him until the city pays his salary, thus forcing the city to bring suit for the recovery of the bond.

Should, however, the new office be sustained by the Supreme court, Fresno would have justices to spare and the Taxpayers' League would have to get busy.

Graham insists that his office would effect a saving to the city as his fees go into the city treasury, and he is paid only a stipulated salary. If he should do all the justice business in town, amounting to about \$12,000 a year, the city would be \$10,000 ahead. Practically, however, with three justices the situation would probably be that Graham would get \$2,000, Briggs would still handle the police business and Smith would harvest the hops crop. Of course, if Graham's office were upheld by the Supreme court, the Board of Supervisors could eliminate the city from the bounds of the Third judicial township, leaving Smith only the fringe on the outside, or the office being an expensive luxury, the legislature might fix only a nominal salary for it. If the city were taken out of the district, this could easily be done, as the population would then be such as to make a nominal salary proportionate to the importance of the office. If this should win out, doubtless the Taxpayers' League would recommend something of the kind to the Fresno county representatives in the legislature.

FRESNO COUNTY FOURTH IN CRIMINAL TRIALS

But Third in Number of Men Convicted of Charges Against Them.

Fresno county, although seventh in population among the counties of this state at the last census, is fourth in the number of criminals tried for felonies and third in the number convicted, according to a report of Attorney General Webb. The counties that exceed it in population are San Francisco, Los Angeles, Alameda, Sacramento, Sonoma and Santa Clara, but of these only San Francisco and Los Angeles exceed it in the number of convictions for the higher crimes, while Alameda exceeds it in the number for crime. This Fresno representation at the penitentiaries of San Quentin is, of course, not one to be boasted about.

Webb's biennial report shows that during the last two years 190 cases have been tried on felony charges in Fresno county, and 94 convictions were secured. Alameda secured a much smaller ratio of convictions. With a population at the last census of 130,000, 219 men were tried for high crimes and only 72 convicted.

Fresno counties have the distinction of having the only long term convict, time sent but one man to the penitentiary, while Sierra tried one man, but failed to convict.

TWO FIRE ALARMS YESTERDAY MORNING

I. Teilmann's Residence Ablaze and Gas Explosion at Postal Telegraph.

A fire of unknown origin yesterday morning caused a loss of about \$300 to the residence of Engineer I. Teilmann on Nelson avenue. Mrs. Teilmann was at home, and a number of workmen were engaged in repairs, but the fire got considerable headway before it was discovered.

The department responded promptly, and the fire was smothered by the chemical engine, so that no water damage was done. There is some insurance.

At 8:55, a few minutes before the fire broke out, an alarm was turned in from the office of the Postal Telegraph company on Marchessa street. Gas generated from overturned batteries in a rear shed exploded when a candle was taken there to assist in setting the apparatus right. The fire was put out by employees of the office, with the assistance of a policeman from the department. The loss was small.

MEETING OF TERMINAL RATE COMMITTEE CALLED

DeWitt Gray has called a meeting of the terminal rate committee for Tuesday evening at 8 o'clock in the office of Frank H. Short. At that time the committee will organize and map out its work.

ANDREWS APPOINTS HARRIS HIS ATTORNEY

George B. Andrews, public administrator of Fresno county, has decided that he had decided to appoint M. B. Harris his attorney. Harris is a candidate for public administrator in 1908, and is backed by a law firm, but Mr. Andrews went into the field independently. In the convention he was the only candidate not groomed by a law firm and that fact helped him to win out, not only in the convention, but before the people.

WILL COMPLETE CANVASS TODAY

Seventeen More Precincts to Count.

No Change in Smith's Lead of 12 Over Ashbrook for Justice of the Peace.

An official count of the votes of all the precincts making up the Third judicial township, effected no change in the standing of Ashbrook and Smith, latter winning by 12 votes. While there were a number of instances of carelessness in the count, on this close contest the semi-official returns corresponded exactly with the official. Of course there may have been errors in the actual count of the ballots, and 12 votes in a total of 488 might easily be overcome, especially as there are more or less well authenticated reports that pencil ballots were counted in some precincts. Ashbrook has laid the foundation for a recount, and it is more than likely that he will have the ballots counted in court.

Another close contest for a township office that the official count settled is that of the justice of the peace. The count shows that DeWitt Gray won by 7 votes, receiving 121 to Davis' 114.

The semi-official returns from Butler were found yesterday sealed up with the official returns, that was the only precinct from which semi-official returns had not been obtained. The returns from Butler agreed with the Republican's figures obtained the first night.

No changes of importance as affecting results were made yesterday. In Fowler No. 2 Bramblett gained 10 and Freeman lost 20, in Scandinavian McKay gained 10, in Fresno No. 2 Drow gained 1, in Central Colony Cosgrove gained 1, and in Mill Creek Needham gained 1.

The supervisors will complete the canvass today, there remaining only 17 precincts still to canvass. Yesterday the board counted twenty-one as follows: Fowler No. 1 and 2, Abilene, Colby, Fowler No. 1 and 2, Abilene, Colby, Scandinavian, Bryant, Fresno No. 1 and 2, Jefferson, Sequoia, Central Colony, West Park, Eastville, Temperance Colony, Mill Creek and Butler.

W. C. T. U. Meeting.
The Women's Christian Temperance Union held a very interesting meeting yesterday afternoon in the home of Mrs. H. P. Wakefield, No. 228 Ashby street. Devotions were led by the president, Mrs. W. H. Smith. Echoes from the California state convention and also from the national and world conventions were contributed by Mrs. Wakefield, Mrs. Dwyer, Mrs. O. L. Markley and other members. At the close of the session a delightful social hour was spent. The hostess served dainty refreshments and presented each member with a bouquet of beautiful chrysanthemums. The next meeting will be held in the home of Mrs. Henry Russell, No. 1250 O street, the first Thursday of next month.

Redlick's

\$11.95 Suits

There's a fine display of them in one of the Mariposa street windows.

One look will convince you that any suit you may select is worth at least \$15; some are worth a good deal more.

There is not a single fault to be found with the materials, looks or fit. They are strictly all wool—that's the first consideration. They are made in single or double breasted styles.

Medium or dark colors. The patterns are as good as in any of the highest grade garments.

We will in each suit so that there can be no just criticism. Our own tailors will do the work and do it well.

Every day sees an increase in the volume of our clothing business. More and more men are realizing that we can do more for them than any other store.

These \$11.95 suits are shining examples of the cleverness of our clothing bargain.

They are well worth buying.

An Immense Crowd Marks the Opening of the \$2.22 Shoe Sale

There were some amusing incidents in connection with the shoe sale yesterday. One doubting lady, who didn't believe in "sales," said, "I just know you haven't any shoe like I have on my \$2.22 stock. I paid \$3.50 for mine." And there was an air of triumph about her that seemed to say "I guess I know what I am talking about."

The salesman took off her shoe. The name of the maker was on the lining; got a pair identically the same; same last, same style, same maker, and offered it to her for \$2.22. She fairly gaped in astonishment. Finally she said, "Can I have two pairs?" and she bought them.

We would tell you the name of the maker of these \$3.50 shoes we are selling for \$2.22, but we promised not to.
